## Healthy Baby is Precious Blessing

To Make It Healthy and Keep It Healthy Use a Reliable Baby Laxative

In spite of the greatest personal care and the most intelligent attention to diet, babies and children will become constipated, and it is a fact that constipation and indigestion have wrecked many a young life. To start with a good digestive apparatus is to start life without handicap.

But as we cannot all have perfect working bowels we must do the next best thing and acquire them, or train them to become healthy. This can be done by the use of a laxative-remedy highly recommended by a great many mothers. The remedy in question is Dr. Caldwell's Syrup Pepsin and has been on the market for two generations. It can be bought conveniently at any drug store for fifty cents or one dollar a bottle, and those who are already convinced of its merits buy the dollar size.

Its mildness makes it the ideal medicine for children, and it is also very pleasant to the taste. It is sure in its effect and genuinely harmless. Very little of it is required and its frequent use does not cause it to lose its effect, as is the case with so many other remedies.

Thousands can testify to its merits in constipation, indigestion, biliousness, sick headaches, etc., among them reliable people like Mrs. M. Johnson, 753 Dayton St., Kenosha, Wis. She is the mother of little Dorothy Johnson who was always in delicate health until her mother gave her Dr. Caldwell's Syrup Pepsin. Mrs. Johnson says: "I never saw such rapid improvement in the health of anyone. Syrup Pepsin is a

wonderful remedy and I shall never be without it again." Thousands keep Dr. Caldwell's Syrup Pepsin constantly in the house, for every member of the family can use it from infancy to old age. The users of Syrup Pepsin have learned to avoid cathartics, salts, mineral waters, pills and other harsh remedies for they do but temporary good and are a shock to any delicate system.

If no member of your family has ever used Syrup Pepsin and you would like to make a personal trial of it before buying it in the regular way of a druggist, send your address—a postal will do—to Dr. W. B. Caldwell, 417 Washington St., Monticello, Ill., and a free sample bottle will be mailed you.

## A Message To Breathers of Hyomei

A series of tests recently completed prove that the HYOMEI vapor treatment for catarrh, coughs, colds, and sore throat is wonderfully efficient when only one-half teaspoonful of HYOMEI is used in one-half a tea cup of boiling hot water.

It is advisable to heat the teacup before pouring the boiling water, so that the water will remain hot a longer time. Pour one-half a teaspoonful of HYOMEI over the boiling water, hold cup close to face and breathe through nose and mouth the healing, germ-destroying vapor that arises.

Just breathe HYOMEI, and its soothing, medicated and antiseptic properties will come in direct contact with the inflamed parts, stop the discharge, drive out the soreness and heal the membrane.

For catarrh, coughs, colds, sore throat, croup and all nose and throat ailments, HYOMEI is sold in money back if dissatisfied plan. Single bottles of HYOMEI 50 cents; complete outfit, which includes inhaler, \$1.00 at drug-gists everywhere.

Mail orders filled, charges prepaid by Booth's HYOMEI Co., Buffalo, N. Y., who will gladly mail trial treatment free.

Kelly & Pollard guarantees HYOMEI.—Advertisement.

### TO CATCH THE EXPOSITION VISITORS

(Continued from page 1.)

Mexico and the southwest, and is the ideal place for such an exposition. I am sure New Mexico will do its part in making such an affair of as great value as that would be a complete success.

The Shriners to Come. El Paso Shriners are also interested in themselves in the plans for the proposed 1915 exposition. The reunion of the Imperial council of the Shrine, with its accompanying bands of Shriner, will be held in San Francisco in 1915. It is the plan of the local Shrine to offer special inducements to the patients and shrines to come by way of El Paso en route to San Francisco and to stop over here to see Mexico and the valley.

Dr. C. Brady, one of the leading members of the El Paso Shrine and its past potentate, says that this could be done by a systematic advertising campaign, to be carried on at the Dallas reunion of the Shrine this year and at the 1915 convention. Shriners and patients could be pledged to the El Paso Shrine to come through El Paso en route to the San Francisco reunion. The Shriners are all good citizens, and their coming to El Paso would mean much for the success of the resources exposition.

CATTLE BROUGHT IN FROM MEXICO AGAIN. Ralph Hunt returned to El Paso Tuesday night, bringing 1219 head of cattle from Mexico. He had been gone three weeks, and says that the rebels did not hold him up.

The Cameron Cattle company also brought in a train of 27 cars from Santa Rosalia, these two trains following the regular passenger train into Juarez.

W. H. Craven has sold through the Hunt-Winn Commission company to Armstrong & Finley, El Paso, 900 head of cattle, which Craven had grazing on the H. L. Newman ranch.

Booker & Tankersley have sold to Love & Stone 600 head of Arizona cattle which they held at the Union stock yards for sale.

JAPANESE DIET CENSURES. PRINCE KATSURA, THE PREMIER of Japan, Feb. 6.—The Japanese diet today passed a vote of censure on the government, under the premiership of prince Taro Katsura, who only recently took office as prime minister and minister of foreign affairs. The sessions of the chamber were then suspended for a period of five days.

It is expected that prince Katsura will immediately dissolve the diet and call for a general election, meanwhile retaining office.

## REGISTRATION EXASPERATES MEN

(Continued from page 1.)

the house. This bill was inspired by many complaints received by the labor commission from persons over the state as to the operation of these agencies. The bill provides that no person, firm or corporation in Texas shall operate an employment agency without first having obtained a license from the commissioner of labor, and the license fee shall be \$100, payable in advance on the first day of May. The license shall contain the designation of the city and the number of such applicant. The fee for procuring employment or help for any person shall not exceed 5 percent of the monthly wages where the employment is for one month or more, and in all cases the maximum fee shall not exceed 10 percent. The bill also provides a charge against both the employer and employee. The commissioner of labor is also to inspect the books of such agencies whenever request is made for such inspection.

Corporation Commission. Both branches of the legislature are already being deluged with petitions from people who are relative to the public service corporation commission bill now pending in the house and on which there will be a hearing this morning. These petitions are from the telephone and other corporations in which they are urging their representatives to oppose the bill. The smaller public service corporations believe that such a measure would prove quite detrimental to their interests. The larger corporations are also apparently opposed to the passage of this measure.

Rural Credit System. Governor Colquitt is said to be in thorough accord with the plan proposed in the bill introduced by representatives Wortham, Webb and others providing for the appointment of a commission to make a thorough investigation of the rural credit system and agricultural societies of Europe with a view of applying this system in Texas.

Anti-Frat Bill. Consideration of the anti-frat bill by representative Harris of El Paso, is expected to be had during this week. The bill is now in committee and a hearing was held on Feb. 5. Mr. Harris is a member of the university of Texas and to be heard on the subject. The faculty of the university of Texas has as yet given no expression as to whether it favors the abolishment of the fraternities at that institution.

Carlier's lobbying bill has been reported adversely by the judiciary committee of the senate.

Others will be sent out along the Rio Grande, and others to maintain traffic over that road.

### GUADALUPE PRISONERS ESCAPED: COME TO EL PASO.

Cruz Rey, his brother, Jose Maria Rey, and Casimiro Marquez and Juan Navarro are in El Paso from Guadalupe. They were taken from the Maderista troops, under the command of Anastasio Espinosa, who arrested them there. Sunday afternoon, Cruz Rey's wife and mother came along the road, while the soldiers were taking their prisoners over the road to Juarez. In the latter part of the afternoon, the soldiers turned back toward Guadalupe and drove their prisoners ahead of them. The prisoners were taken to the Guadalupe side and their prisoners escaped.

### MUCH REBEL ACTIVITY REPORTED AROUND MONTERREY.

Monterrey, Mex., Feb. 5.—Reports have reached here through private sources that 100 rebels entered the town of Salinas Victoria, 20 miles north of this city on the main line of the National railways, between this city and Laredo.

It is also reported that San Pedro de las Colonias, in Coahuila where the Maderistas own a large amount of property, in the hands of rebels since three days ago.

The lines of federal telegraph wires are cut between Torreon and Durango.

### FEDERALS ARE ARRESTED BY U. S. TROOPS ON ISLAND

## AMERICAN LEGISLATORS QUICK TO PASS MEASURE TO PAY THEIR OWN SALARIES

(Continued from page 1.)

two weeks. A majority thought not, so they argued Conniff down. The bill was then rushed through the enrolling and enrolling committee and placed on final passage. Not one vote was recorded against it.

The federal appropriation is divided as follows: Salaries of legislators, \$22,500; salaries of employees, \$16,730; mileage of members, \$2,300; cost of traveling bodies of the state, \$2,000.

Senate bill No. 2, introduced by Homer Wood, of Yavapai, is a stringent anti-swindler measure drawn along the lines recommended by governor Hunt in his message.

New Tax Measure. Senator C. R. Wood, of Maricopa, introduced senate bill No. 3 at the request of the governor and the tax commission. It is to give the tax commission power over all assessing and tax-laying bodies of the state, and also makes the commissioner the sole member of the state board of equalization.

Before the constitutional amendment declaring that methods of taxation shall be as provided by law, was passed, it was not possible to enact such a measure as the one introduced by Wood yesterday. Under the constitution, the legislature had to make the board of equalization consist of the tax commissioners, the assessor and chairman of the corporation commission. The intent of the tax commission law always was that the members of that body should be the board of equalization.

This is simply going back to first principles, senator Wood explained during a recess.

To Bridge the Colorado. Fred W. Wood, of Yuma, introduced bill No. 4, which is to appropriate money for the purpose of building a bridge across the Colorado at Yuma.

The government is to contribute \$25,000 and the state of Colorado the same. Bills are already pending in congress and the California legislature.

Wessell's bill went over, as did the next four brought up.

No. 5 provides for municipal abattoirs for all incorporated cities and towns. It is a measure in which Hughes is much interested and he will do his best to secure its passage. It is necessary, he claims, to prevent the people eating meat from unclean slaughter houses.

### For the Carnegie Laboratory.

No. 6 is also important. It is to permit the sale of public lands on application, on state institutions, and is designed particularly to cover a case that has arisen at Tucson. There the Carnegie desert laboratory is located on 348 acres of ground owned by the university. The laboratory has \$50,000 to spend for new buildings, but the managers of the institution refuse to allow the money to be expended for structures on rented ground. It is desired to deed the 350 acres to the laboratory, under a provision granting its use for any purpose other than that for which the laboratory was established—the study of desert plant life in the southwest.

Senate bill No. 7 is to submit to the people at the next general election a constitutional amendment abolishing capital punishment. This amendment is drawn to fix the penalty for first degree murder at life imprisonment, and for second degree murder at imprisonment for not less than 10 years.

### To Prohibit Sale of Cigarettes.

No. 8 is to prohibit the sale of tobacco and cigarettes to minors under 18 years of age. Hughes says that similar laws are in effect in several states.

One more bill was introduced before the house session. Senator C. N. Roberts brought it up at the request of the state treasurer. It is to amend the funding and loan commission on state bonds semi-annually instead of annually.

Senator Roberts drew attention to the fact that during the first special session the livestock and agricultural committee was organized.

It was agreed that they should be added to the list of committees for this session.

Marshall invited to speak. A message was received from the house to the effect that that body had appointed a committee to hear and report on the case of Marshall, next vice president of the United States, who is now in the valley, to address the legislators.

Harrison, Hughes and Hechtman were appointed by the chair to make the invitation.

To Measure State Finances. The senate received a communication from state treasurer D. E. Johnson, on matters of exclusive jurisdiction with him during 1912. He reported that Arizona is now running the largest interest rate on state bonds on her regular bank deposits and recommended among other things that he be granted authority to pay interest on state bonds.

Whenever such procedure might seem advisable. The state is now required to pay interest on state bonds.

He also reported that four counties had reported on the income tax and suggested that in view of the additional burden the law throws upon his office, he be allowed \$100 a month for an assistant. He also requested surety bonds instead of personal bonds for insurance companies.

### Senate Employees.

Following are the senate's attachés: Secretary, Con P. Cronin of Santa Cruz county; assistant secretary, A. C. Pearson, Cochise; enrolling clerk, H. C. Flerco, Maricopa; sergeant-at-arms, Joe L. Wiley, Pima; assistant sergeant-at-arms and doorkeeper, J. C. McCullum, Gila; doorkeeper, Tom Farnham, Cochise; janitor, Charles Antonio Contreras, Yuma; bill clerk, Tom Gamble, Santa Cruz; assistant bill clerk, Mrs. Kendall, Mohave; page, Miss Louise Gass, Maricopa; stenographer, Miss Shivers, of Graham, Miss Joy Gray of Greenlee, Miss Lucy Grant, of Graham, Miss Eunice Walker of Cochise, Miss Nellie G. Kull of Yuma; Miss Anna Egan of Gila, Miss Florence Jones of Maricopa, Mrs. W. A. Duff of Maricopa; janitor, J. C. Phillips, Yuma.

The House. Three members of the house of representatives think that two other members have forfeited their seats by accepting positions under the state government. These three representatives are Leon Jacobs and Dan Jones, of Maricopa, and M. H. Kane, of Greenlee. The two are S. B. Bradner and Cochise, and Harry Saxon, of Santa Cruz.

Chairman Billy Graham, of the special committee on credentials, appointed Monday, submitted the report of that committee Tuesday afternoon. It carried a complete list of the members of the house and declared that they were all entitled to their seats.

A motion was made that the report be adopted as read. Jacobs asked for a roll call and was the first to vote "no." Jones came next in the negative list and he made some very pointed remarks in explaining his vote.

"Some Seats Forfeited." He said it was his opinion that some of the members of the house had violated the constitution by accepting state positions. He could not conscientiously vote for the acceptance of a roll call he felt to be wrong.

Though Jones laid stress on the fact that he was not talking on a subject that he knew he referred to Saxon and Bradner. He was interrupted by Graham, Whipple, Hall and others, who told him that he was talking on a subject that was not up for discussion at that time. Kane also explained that his vote was on conscientious grounds.

### Bradner Is Sent.

Bradner stated that since the remarks made doubtless referred to him he would like to be excused from

voting. The three Republicans present begged the same privilege.

Twenty-six voted in favor of adopting the report of the credentials committee; three voted against it and four were excused. Maddock and Cooke were absent.

### House Employees.

The committee on patronage reported and its report was adopted, as follows: Chaplain, W. R. Thornton; doorkeeper, Ed Boland; assistant doorkeeper, John Mer; bill clerk, M. C. Conniff; assistant bill clerk, Charles Hanson; enrolling clerk, C. L. Hardy; clerks, Sally Jacobs, Emma Red, R. L. Edwards, Susan A. Winchester, J. C. Dougherty, James T. Tehan; journal clerk, Polly Oliver; supply clerk, Dudley Lewis; postmaster, G. J. Romeo; mailing clerk, Harold Holcomb; assistant to printing committee, Harold Frayne; governor's messenger, Richard Humphreys; page, Beale Barker; assistant page, Mabel V. Graves; janitor, Harry P. DeWinton; night watchman, Leroy Scattery; speaker's messenger, Frank Moore.

Marshall Is Invited. T. M. Drennan moved that a committee of three be appointed to invite vice-president elect Marshall to address the two bodies of the legislature. The motion carried. Drennan, Bradner and Kane were appointed on that committee.

Johnson moved that a committee of five be appointed on revision of the code. Seconded by Jones, the motion was carried.

Various suggestions for the amendment of the rules were made and all were referred to the rules committee.

J. A. R. Irvine, of Maricopa, introduced a bill today to move the industrial school to old Fort Grant, as a measure to register women under the equal suffrage amendment.

Senate bill No. 1 appropriating \$50,000 for the expenses of the session, passed the house today and went to the governor.

### INDIANA SEEKS TO BAN POLYGAMY

Indianapolis, Indiana, Feb. 5.—An amendment to the constitution of the United States prohibiting polygamy was introduced in a joint resolution introduced in the lower house of the Indiana legislature. The legislatures of other states are asked to join in the application for the amendment.

### WILSON FAVORS CHANGE IN NEW JERSEY PRIMARY

Princeton, N. J., Feb. 5.—President-elect Wilson has declared himself in favor of a radical change in the primary laws of New Jersey. He applied not only to the provisions for United States senators but the governorship as well. A bill is being prepared, he said, modeled after the Wisconsin system, which was championed before its adoption by senator La Follette. It would amend the present law to permit second choice voting rather than the plurality.

President-elect Wilson sees no particular reason why he should announce his cabinet before he is inaugurated, though he indicated today that he would not announce his cabinet until after he had been inaugurated, and there were speculations and guesses until the "what" of the announcement.

The governor said he hoped he would not find it necessary to follow that precedent.

### COLORADO LEGISLATORS HEAR CONTESTS OVER ELECTIONS

Denver, Colo., Feb. 5.—The fight to unseat senator Casimiro Barera, Republican, from Las Animas county, and seat N. W. Wycoff, Democrat, began in the supreme court room at the capitol this morning.

The contest was called before the senate committee on privileges and immunities, which is charged with the duty of alleged fraud, which are expected to consume three days. At the conclusion of his arraignment, Barera will be allowed as much time in rebuttal.

While this contest was being waged the house was discussing procedure in the contest for the seats of John Mayer and W. W. Boyle, Republican representatives from Las Animas county, to John Gurney and Juan A. Torres, Democrats. The allegations of the contestants in these cases are similar to those against Barera brought by Wycoff.

### COMPELS CONTENT CASE WILL BE ARGUED ON FEB. 25

C., Feb. 5.—Argument on the appeal of Samuel Gompers, president of the American Federation of Labor officials, convicted of contempt of court and ordered to pay \$100,000 in connection with the Bucks Store and Range company case, today was set for Feb. 25 and 26 in the District of Columbia court of appeals.
